TRANSMITTAL LETTER

Sir:

Enclosed herewith for filing in the above-identified patent application please find the following listed items:

1. English-language translation of Korean Application number 2002-80116 and Verified Statement Made by the Translator

An Amendment in response to the Office Action dated March 29, 2007 was filed by the applicant in the referenced application on July 24, 2007. In the Remarks section of the Amendment, the applicants argued the Chevalier, *et al.* (United States Publication number 2004/0108953) reference was not available as a prior art reference under 35 U.S.C. 103(a)/102(e) against the present application due to the applicant's perfected claim of priority to the Korean application under 35 U.S.C. 119. We believe that the English-language translation of Korean Application number 2002-80116, along with a statement by the translator that the "English translation is true and accurate" were inadvertently omitted from the documents submitted with the Amendment to the United States Patent and Trademark Office on July 24, 2007. Accordingly, applicants respectfully submit herewith the Verified Statement Made by the Translator and English-language translation of Korean Application number 2002-80116.

Applicant(s): Young-Dong Nam  
Serial No.: 10/737,149

The applicants do not believe that any additional extension is necessary. However, if any extension of time is required, the applicants hereby request the extension and authorize the United States Patent and Trademark Office to charge applicant's attorney's Deposit Account Number 50-1798 for any fee required for the extension.

In connection with the foregoing matter, the applicant does not believe that any fees are currently due. However, in the event that any additional fees are due, authorization is given to charge Deposit Account Number 50-1798.

Respectfully submitted,
